## Skills

Language skills	Russian (native) English (upper - intermediate)
Computer skills	Microsoft Office (confident user) Python (intermediate user) MySQL (intermediate user) Airflow (beginner user) Power BI (intermediate user)

## Educations and academics

Bachelor of Science – Civil Engineering	
2012-2016	<b>Moscow State University of Civil Engineering</b>
	Industrial and civil construction
	GPA 4.6/5
Master of Science – Civil Engineering	
2016-2018	<b>Moscow State University of Civil Engineering</b>
	Industrial and civil construction
	GPA 4.9/5

## Additional qualifications and trainings

Maths and python for data analysis (coursera has not let me finish the course officially because of world situation)

#### ENROLLMENT INFORMATION

Course Name	Enrollment Date	Paid Y/N	Grade Achieved
Introduction to Statistics	2021-11-11	N	100.00
Математика и Python для анализа данных	2022-01-12	Y	73.75

## Employment experience

---

mar 2018 — present. **PIK Group, structural engineer**

**1. Preparation of production :**

Development and approval working drawings of precast reinforced concrete: slab, wall panel, fascia board.

**2. Production stage, maintenance of workshop production processes:**

Advising production group in case lack of information in documentation;

Rapid response to problems during manufacture of reinforced concrete products; Creating and controlling projects of repairing.

mar 2017 — dec 2017 **Triada-Holding (JSC), structural engineer**

**Preparation of production:**

1.1 Engineering research:

    1.1.1. *Field work*

    1.1.2. *Laboratory work*

1.2. Development of architectural solutions

1.3. Design and space planning decision
